

Galp offers additional discount of 6 cents per liter of fuel through the Mundo Galp App

- **Extra discount is cumulative with benefits available in the Galp/Continente programs or Galp+ discount card.**
- **Campaign available from 28 March to 30 April in mainland Portugal and from 30 March in Madeira and the Azores.**

Galp will offer its customers the benefit of an additional discount of 6 cents per liter at its filling stations during the month of April.

This campaign can be combined with the benefits already available through the Galp/Continente, Universo program or the Galp+ discount card.

Bearing in mind the extraordinary current context, Galp thus contributes with an exceptional support measure to alleviate the effort of consumers.

"We are living in a difficult and complex time where we must play an active role and join efforts to support Portuguese families. It will be a relevant contribution in the face of market volatility and uncertainties" highlights Teresa Abecasis, Galp's Director.

Customers registered on the Mundo Galp App will be able to use this extra discount at participating stations in mainland Portugal, Madeira and the Azores. List of stations and regulations available at galp.com.

This campaign starts on the 28th of March in mainland Portugal and on the 30th of March in Madeira and the Azores, remaining active until the 30th of April.

Notes to editors:

Extra discount can be combined with the various available Galp discount programs (Example: Galp & Continente energy plan, payment via Universo card).

Extra discount that can be combined with the Government's Autovoucher initiative (support of 40 cents per liter of fuel for a total of 50 liters/month).

Extra discount excludes the purchase of fuel under the Galp Frota Corporate, Galp Frota Business or Ticket Car programs, and purchases made through automatic payment systems at the pump, including Via Verde and Pay&Go.

PRESS RELEASE

Lisbon, 28/03/2022

About Galp

Galp is an energy company committed to the development of efficient and sustainable solutions in its operations and in the integrated offers to its customers. We create simple, flexible and competitive solutions for the energy or mobility needs of large industries, as well as small and medium-sized businesses and individual consumers. Our offer includes various types of energy – from electricity produced from renewable sources to natural gas and liquid fuels. As a producer, we extract oil and natural gas from reservoirs located miles below sea level, while also being one of the largest Iberian producers of solarbased electricity. We contribute to the economic development of the 10 countries where we operate, and to the social progress of the communities that welcome us. We are, therefore, leaders in our sector in the world's main sustainability indices. Galp has 6360 employees. For more information, visit www.galp.com
