

2nd Quarter 2012 trading update

This trading update is aimed at providing estimates regarding macroeconomic, operational and trading conditions experienced by Galp Energia in the second quarter ending June 30 2012. The second quarter margins, prices, production and other data referred to below are currently provisional. All such data is subject to change and may differ from the final numbers that will be reported on July 27 2012.

This trading update is produced in order to provide greater disclosure to investors of currently expected results.
